

To the Parents of _____

Dear Parent,

Since 1948, the Phoenix Boys Choir has been developing character, discipline, leadership, global awareness, and strong commitment to excellence by educating boys in the art of singing. Our choirs have represented the community nationally and internationally on tours throughout Europe, Asia, and Australia. The boys in our four-tiered choir program range from age 7 to 14.

Your son was identified by his school music teacher _____ as a boy with strong musical talent. We would like to extend an invitation for him to audition with us. Boys in our program gain skills in music and self-discipline as well as positive experiences that enrich their lives in many ways. Auditions for the upcoming season are scheduled by appointment beginning in March and continuing until the end of September.

We hope you and your son will consider this opportunity. Please call 602-264-5328, ext. 21 for an appointment. For additional information please visit our website at www.phoenixboyschoir.org.

We look forward to seeing you and your son at an audition soon.

Sincerely,

A handwritten signature in black ink that reads "Greg Amerind". The signature is written in a cursive style.
